Winter Experience

The Winter Wedding Experience

There's something so magical about an Australian winter by the water, making it the perfect time for a wedding a Q. The light is softer and better for photos, the temperature less extreme, and the shorter days make the sunsets more incredible. Plus there's something special about the cosiness of a winter wedding, paired with candles, festoon lights and crackling fires.

Select either the Headland Experience or the North Head Experience package to receive the following complimentary inclusions for any wedding held in Winter!

Complimentary:

Additional nights stay in the Couples Suite.
Personalised menu's for each wedding guest.
