

Q STATION EDUCATION

STAGE 1: HISTORICAL DETECTIVES

Why is The Quarantine Station a Significant Site?

Students will love the immersive learning experiences presented, as they learn to hunt for clues in the present to reveal the stories of the past. Visiting our former key operational buildings; hospital, disinfecting showers and autoclaves, will provide opportunities for them to learn about how technology has changed over time to improve our daily lives and to consider why it's important that we preserve these buildings today.

What will you do on the tour?

Enjoy a 2 hour guided tour around site, visiting a variety of our historical buildings. Students will get exclusive access to many of these buildings, where we compare the 1800/1900's, to what we see now.

Our expert guides are there to work with any particular focus area you may have and prior knowledge the students may have.

Your tour excursion can be adjusted based on your group's requirements.

Syllabus Links

Addresses outcomes and key enquiry questions related to Stage 1: *The Past in the Present* topic

HT1-2 identifies and describes significant people, events, places and sites in the local community over time

HT1-3 describes the effects of changing technology on people's lives over time
